

Bellows Chair. Design: Toan Nguyen.

Innovative design has the courage to give shape to unusual ideas. The Bellows Collection is an example of this. The leather is gathered in soft, sturdy folds. And then it stretches. Bellows changes its height. In an uncomplicated way with just a single movement. The Bellow Collection comprises chair, stool and occasional table.

<b>Model-No.</b>	222-10
<b>Frame</b>	Steel/wooden construction with an internal spring. Fitted with synthetic glides for stone and carpet floors or felt glides for wooden floors.
