

George Lounge. Design: EOOS.

George Lounge combines cool chrome and soft leather, generous cushions and a minimalist framework. Elegantly the leather-covered armrests punctuate the curves of the tubular framework. The parallel stitching of the hand-sewn seam accentuates the fine shape of the cantilever model. With a high or low backrest, with or without footstool, George Lounge is an invitation to sit back and enjoy.

**Model no.** 1580, 1582

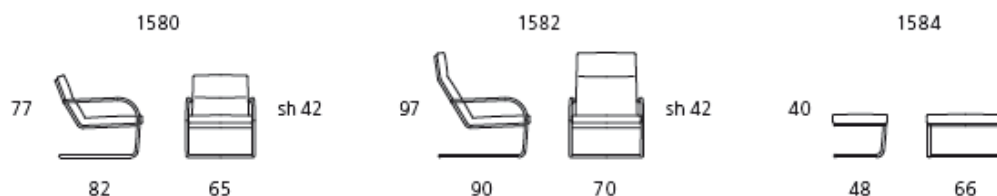

**Frame** Tubular steel, highly polished chrome-plated finish or in black chrome.

**Upholstery** Fixed seat and back cushions, ticking sewn into chambers with down filling and cold cure foam core.

**Armrests** Tubular steel, leather surrounded with hand-sewn seam.

**Glides** Felt glides for stone and wooden floors or synthetic glides for carpet floors.
